

The Golden Attache

Case. **Volume 4**

**Artwork &
Photography**

by HANS FLEISCHNER

When foreword becomes afterword
and that at the beginning of Vol. 4.

While working on Volume 3 of
The Golden Attache Case, I knew
there would be a Vol. 4 possibly 5.

Now I know, this is Volume 4 and yes,
next will be a Volume 5.

There is neither a time nor a space limit,
so I can allow to let the pictures flow, as I
took them, to tell the story of how I
created The Golden Attache Case.

Take your time, travel along, let the story
sink in, as if you were traveling on a train
through history.

A rather recent history, that of the 20th
century. Not to be forgotten and to serve
as a reminder of never again.
